MAISON100 H

Ideal for comfort and ease, Maison100 H is a value for money solution that provides access inside or outside a multi-storey private residence and guarantees safety and style. this indirect acting hydraulic solution is perfectly suitable to buildings with or without concrete shaft and with shaft pit and headroom limitations.

A value for money hydraulic solution with minimum space requirements

M A I S O N 1 0 0 H

ADVANTAGES

OPTIMUM USE OF SPACE

The pit and headroom requirements are among the most competitive in the market for enclosed cabin platform lifts. Maison100 H for Home Solutions offers optimum space efficiency by providing the opportunity of installing larger car in a standard shaft.

UNIQUE CABIN DESIGN

Specifically designed for the needs of the homelift market, the new cabin ensures ease of installation and facilitates the maintenance procedure. The lighting color may be easily altered to any RGB colour, creating an outstanding ambience inside the cabin.

PLUG N' PLAY SOLUTION

Prewired shaft wiring and single phase power supply.

PREMIUM RIDE QUALITY

With the new controller Genius 20 which is equipped with tape head system for precise floor leveling and a 2speed hydraulic valve, Maison100 H has a premium ride quality

Low traffic buildings

Description
& features

Ideal for comfort and ease, Maison100 H, is designed and manufactured according to Machinery Directive 2006/42/EC and meets any need for transportation and mobility. A value for money solution that provides access inside or outside a private residence or low storey public buildings and guarantees safety and style.

Value for money

Its very low energy consumption (lower than a kitchen oven) in conjunction with its exceptional performance, makes Maison100 H the ideal value for money choice. With 100mm minimum pit depth and 2400mm headroom required, it is perfectly suitable for buildings with or without concrete shaft and with shaft pit and headroom limitations.

Plug n' play solution

Prewired shaft wiring and single-phase power supply.

Optimum use of space

The pit and headroom requirements are amongst the most competitive in the market for enclosed cabin platform lifts. Maison100 H offers optimum space efficiency by providing the opportunity of installing larger car in a standard shaft.

Premium ride quality

Maison100 H offers a premium ride quality, with the new controller Genius20, with shaft copy system for precise floor levelling and a 2-speed hydraulic valve.

Maison100 H & E are provided with a fully enclosed cabin. A panoramic version is also available with up to two glass walls. The ceiling is detachable, facilitating the maintenance procedure. Available in stainless steel, skinplate or paint finishing and with LED strip lighting, it creates an outstanding ambience inside the cabin.
